

Environmental and Social Sustainability Policy

The Tamarind Tree Hotel & Restaurant, a small, intimate hotel perched on a cliff overlooking the beautiful Caribbean sea has identified the environment as an integral part of our product offer. As such, we recognise that our business has an important role to play in protecting and enhancing the environment for guests, residents and the future generations of Dominica, “the Nature Isle of the Caribbean”.

Therefore, we are committed to:

- q Achieve sound environmental practices across our entire operation
- q Comply fully with all relevant laws and regulations
- q Minimise our use of energy, water and materials waste and adopt the principle of reduce, re-use and recycle
- q Minimise the use of hazardous materials associated with our operations
- q Sensitise our guests and educate our staff on the extraordinary eco-system on our island so as to promote environmentally acceptable activities
- q Work with others in the tourism industry, in public agencies and the community to achieve wider environmental goals
- q Provide all employees with the training and resources required to meet our environmental objectives
- q To annually review our policy and openly communicate it and other best practices to our employees, suppliers, guests and interested parties to encourage joint participation in our environmental efforts
- q Continually monitor and record our environmental performance, relative to our policy, objectives and targets and to provide annually performance monitoring data to Green Globe 21.
- q Maintain a continuous commitment to improved environmental practices
- q Purchase local goods and services and provide employment opportunities to promote economic and social growth of the surrounding communities

Environment

Rainwater is used to flush the toilets and irrigate the garden.
The water is heated with solar energy.
Towels are changed on request only.
Bed sheets are changed every third day.
Low energy consumption light bulbs are used everywhere.
The waste is separated and recycled.
As many goods as possible are purchased locally, where available directly from the producer, manufacturer, grower, breeder.
The pool is purified with a chlorine-saline-Autopilot, no chemicals are added.
Only environmentally friendly and/or safe cleaning agents are used.

The Tamarind Tree Hotel & Restaurant is a Green Globe 21
2005, 2006 certified / 2007, 2008 Benchmarked Accommodation.

Environnement

L'eau de pluie est utilisée pour les chasses d'eau et l'arrosage du jardin.
L'eau chaude est fournie grâce à l'énergie solaire.
Les serviettes de bain ne sont changées que sur demande.
Les draps sont changés tous les quatre jours.
Il y a des lampes à basse énergie dans tout l'hôtel.
Les ordures sont séparées et recyclées.
Nous nous efforçons d'acheter des produits locaux chez les paysans, cultivateurs, éleveurs et producteurs .

The Tamarind Tree Hotel & Restaurant est reconnu par
Green Globe 21 depuis 2005.

Umwelt

Für Toilettenspülungen und Gartenbewässerung wird Regenwasser verwendet.
Das Heisswasser wird mit Sonnenenergie geheizt.
Frottiertücher werden nur auf Verlangen gewechselt.
Die Betten werden alle drei bis vier Tage frisch bezogen.
Überall werden Energiesparlampen verwendet.
Der Abfall wird getrennt und verwertet.
So viel wie möglich wird vor Ort eingekauft, vorzugsweise direkt beim Bauern, Hersteller, Pflanze, Züchter.
Das Wasser im Schwimmbaden wird mit einem Autopiloten auf Kochsalzbasis ohne Chemiezusatz aufbereitet

Das Tamarind Tree Hotel & Restaurant ist ein Green Globe 21 2005,
2006 zertifiziertes, 2007, 2008 akkreditiertes Hotel.
